

The MI Volunteer Registry
Register Now. You Could Make a Difference.

The MI Volunteer Registry is an Internet-based system enabling healthcare personnel and citizens to pre-register to volunteer their assistance during an emergency. The registry assembles volunteers based on verification of their identity, credentials, and qualifications. Those interested in volunteering can securely enter their contact information on the website. During an emergency, volunteer information will be gathered and appropriate volunteers contacted by authorized personnel. Physicians, nurses, behavioral health, emergency medical services personnel, ancillary support staff and all other individuals interested in assisting are encouraged to register. There are roughly 800 volunteers registered from the state of Michigan and border state counties.

The registry has recently completed its first upgrade. Registered volunteers are encouraged to visit the new site to review their individual profile information. Please also remember to log-in and view the various training and exercise opportunities that may be posted from time to time on the volunteer group homepages.

To register go to www.mivolunteerregistry.org. You may also visit the MDCH, Office of Public Health Preparedness Website at www.michigan.gov/ophp for more information. Additional help is available by contacting help-mivolunteerregistry@michigan.gov or 866-636-6324.
